Mounting Description: 8 Screws

Box Features:

Installation Type:

Product Info

UNSPSC: 39121302

Country of Origin: United States of America

Material: Polycarbonate box and clear polycarbonate cover

Additional Materials: 316 stainless steel external hardware

Features:

Non-corrosive, non-conductive, light weight with lower installation cost and longer life cycle cost compared to steel. Rigid design with a gasket system encased in a continuous channel on the cover and frame. Open back frame design and will fit Allied Moulded enclosure sizes 10" x 12" and larger.

Application:

Cover and protect electrical and electronic controls including HMI (Human Machine Interface) instruments, touch pad controllers and pushbuttons mounted on the surface of Type 4X enclosures. No need to open the enclosure to view electronics or perform maintenance, decreasing arc flash risks and safety hazards.
